IN THE SMALL VARIETIES WE ARE OFFERING THE FOLLOWING WHICH ARE VERY GOOD

~ ~

CORAL (Pom.)—Color, Soft coral shading to salmon. This little pom. has every good quality that a pom. should have, outstanding blooms of about an inch and a half in diameter, good stem, and a fine foliage. A free and prolific bloomer. Coral received First as best pom. at the Dahlia Society of California this past season, and this was well deserved.

Root \$2.00

LITTLE NELL (Pom.) (Galloway - Parrella) A lovely pom. with pink orchid shadings. Size of bloom a little over an inch. A perfect pom. for Show purposes. We had the pleasure of growing this dahlia at our Gardens, and it sure was a beauty. Much admired by the visitors.

LITTLE COLONEL (Min. S. C. Galloway-Parrella)—Size 3" to 3½", bush 36". Color, soft pink with primrose center. This miniature is a clean, exceptionally vigorous grower with durable, attractive foliage, stems as long as you want them and straight and stiff as an arrow. The blooms usually come at an angle of 45 degrees with never an open center. As a cut flower, it is an exceptionally good keeper. Among comments by visitors was "Improved Baby Royal." The most outstanding entry at Storr's writes a grower from Rhode Island. Exhibited only at Cincinnati in 1938 where it won First in the undisseminated miniature class. Awarded "Certificate of Merit" at the A. D. S. Trial Gardens at Cincinnati with a score of 85.

Root \$3.00

CHERUB (Hulin-Parrella)—A new formal decorative miniature of a deep pink throughout. The center is a shade deeper than the rest and is so artistically formed that every petal radiates a glowing warmth, drawing your attention from a distance. As you approach this little beauty you will be charmed with the lovely texture and symmetry of the flower. The bush is medium tall and always covered with bloom from July till frost. The quality of the bloom is such that the centers are tight, keeping extra well when cut. Stems are ideal and plenty long. A long row of this never failed to attract and receive favorable comments from all visitors. It is truly a little "Classic" and you, too, will enjoy growing it. Fairly large stock permits us to offer it at a price that all can afford. Delivery any time you wish.
